## Know your School

Greetings to all the parents and carers! Rai Saheb Bhanwar Singh Public School is run by Jai Social Research and Educational Society. The need of an English medium school with international standard was in demand of the parents of children who were not able to get quality education and beyond high paying capacity fees.

It then came to the mind of Shri Indrajeet Singh Ji Bhati, a social worker who initiated the mission of setting up a school, which can cater the needs of high quality education with holistic development of the learner, at very affordable fees. He set up the school in the name of his loving father, Shri Rai Saheb Bhanwar Singh who also happened to be a social worker.

The school was established in 2005-06. Rai Saheb Bhanwar Singh Public School is also the first CBSE School in Nasrullaganj. We, in Rai Saheb Bhanwar Singh Public School, believe in a learning environment, in which the teachers are key learners, committed to discovering and providing the best educational environment for each of our students.

Our programme is based on the National Curriculum of India. We offer a curriculum that is broad and balanced and meets our aims.

We provide each child with a high quality of education within a happy and caring community, pursuing excellence in each child.

We will enable our children to identify and develop unique qualities, realize their true potential, identify and fulfill their emerging aspirations and take a full, active and constructive part in society.

## Choosing the right school for your child's future

Dear Parents

Choosing the right school for your child is one of the most important decisions you will make in your life. I am delighted that you are considering Rai Saheb Bhanwar Singh Public School as a place of learning and growth for your child. An empowered individual is the one who has the knowledge, skill, desire and opportunity to succeed. Each day at Rai Saheb is spent facilitating and providing our students the tools to succeed in life.

School leadership is crucial to ensure the best quality of schooling. We choose to look at our teachers as educators and our school principals as leaders and nation builders. Our educators and school leaders play a key role in creating the right organizational conditions to implement effectiveness and success.

Our comfortable educator-student ratio ensures each student gets the attention they deserve. They create a stimulating environment for our students who are an active part of the learning process. Their inherent intelligence and thought processes are instrumental in facilitating the learning process.

Lastly, I want to ensure that the time you spend at Rai Saheb is both a rewarding and an enjoyable experience.

## In Rai Saheb

1. Every child has a right to learn with joy and confidence
2. All children have varying capabilities
3. Children grow more through integrated education than mere syllabi oriented teaching
4. Children learn better from facilitative teaching than testing
5. Children seek diverse platforms for creative expressions
6. Every parent and every child has the right to meaningful Education

## Our Vision

We recognise the imperative of imparting an educational experience that is world-class in every respect and which prepares children for global citizenship. We are a school with an Indian mind, an Indian heart and an Indian soul; a school that celebrates the culture of excellence and is an embodiment of values.

## Our Mission

To provide a learning environment that encourages children to bring out the best in themselves and which supports their all-round development, through discovering the joy of learning, awakening and illuminating their intellect in multi-dimensional ways, and instilling abiding values in themselves.

## Our Objectives

- To provide a safe, secure and conducive environment in which each child can enjoy learning, dare to dream, achieve excellence and become a lifelong learner.
- To offer educational programmes that support children's academic, moral, social and physical development.
- To inculcate in children the values of empathy, compassion and respect towards others and the environment.
- To make children aware and appreciative of their history, culture and traditions, while being open to other cultures and alternative views of the world.
- To provide a local and global dimension in curriculum and pedagogy, which serves as the best preparation for further studies in the world's finest universities.
- To provide learning opportunities and activities which appeal to children's multiple intelligence and which help develop in them multiplicity of perspectives and skills.

## Our Curriculum

The four broad goals of education at Rai Saheb include the development of the inner and interpersonal self, scholarly development, active participation in a wide range of opportunities and creative expressions.

To achieve these objectives, the curriculum at Rai Saheb follows the principles of integrated education.

Integrated education enables students to weave the development of their physical self with the development of their mind, the emotional, social and inner self to make connections between different forms of knowledge, self-development and creative expressions

Formal and informal opportunities are provided for students to appreciate the relationships between inside and outside the classroom learning experiences. Linkages are made between the acquisition of languages and arts, science and reasoning, mathematics and experimentation, creative expressions and communication skills.

Students weave in and out of academic classes and nonacademic classes that include the performing arts, the visual arts, the fine arts and sports. With support from their teachers, students identify pieces of the jigsaw puzzles that constitute knowledge and personal development.

The outcome is the nurturing of the "whole person" who seeks to learn, to think critically, to relate, to create and to choose with maturity and concern for others. In other words, the development of the individual child who is in tune with his own thinking and creative self as he is with the development of the world around him.
